

For immediate release

Nawkaw hires Morrissey to facilitate Northeast operations

Nawkaw Northeast offers masonry staining for brick, concrete block, pre-cast, tilt-up, stucco, stone and EIFS in the states of New Jersey, New York, Connecticut and Rhode Island with the help of new hire, Pat Morrissey.

January 24, 2007 - Nawkaw Corporation has signed Patrick J. Morrissey, of ConSpec Associates, Inc. to handle sales and customer relations for the northeast portion of the United States, replacing previous Nawkaw Representative, Joe McCusker. With the addition of Morrissey, Nawkaw will continue to effectively handle masonry staining requests throughout parts of New Jersey, Eastern New York and New England.

Patrick J. Morrissey, trained as a civil engineer, has been president of ConSpec Associates, Inc. for 30 years. He is currently a member, and board member, of both MNY ICRI and APTNE and previously was a board member of ICRI National. He also serves on the F06 Committee of ASTM on Resilient Floor, and he specializes in objective defendable specifications and materials for the restoration segment of the construction industry. For project requests please visit www.nawkaw.com or contact Pat's office at 203-467-4426.

About Nawkaw Corporation:

Applicators and manufacturers of masonry stains designed to permeate brick, block, mortar, pre-cast, concrete, stucco, and manufactured stone. The process is utilized in decorative re-coloring, renovation, restoration, and corrective coloring projects. Extensive testing and a 25-year warranty back Nawkaw's products.
