

Nawkaw

Changing the color of masonry

Official US supplier of Reckli formliners

For immediate release

Nawkaw Corporation Expands to Include New Territory

New hire Scott Hammonds becomes Sales Rep for Nawkaw Pacific Southwest.

Watkinsville, Georgia (Nawkaw Corporation) June 12, 2008 – Nawkaw Corporation has added a new product line for precast, tilt-up and GRC concrete. With the addition of a line of elastomer concrete formliners, by Reckli of Germany, a new representative has been hired to represent the Pacific Southwest states in the US. Scott Hammonds has recently been hired as Sales Representative for the states of Arizona, Southern Utah, Southern Nevada, and Southern California.

Scott's background consists of over 12 years of sales and business development within the precast and post tension concrete industries. During those years, he worked with one of the country's oldest and largest precast producing companies as Sales Manager covering a ten state territory. He has also worked as National Sales Manager for two major communications companies prior to joining his former employer. His production management experience with large casino, condominium and parking deck projects will also help with commercial staining and formliner sales in his position with Nawkaw. He is experienced in working with architects, contractors, and engineers and brings plenty of technical knowledge to his new position.

Nawkaw's reputation is known around the world for helping restore, repair, color and clean centuries old concrete and masonry projects. Nawkaw has been applying its own proprietary environmentally-friendly products for over 20 years and is looking forward to a positive future assisting project managers and concrete producers with the selection and production of RECKLI concrete formliners. RECKLI has been the world leader in concrete formliner production for the past 40 years with locations throughout Europe, the Middle East, Africa, and Asia.

Nawkaw Corporation has been in the US for 21 years and is the leader in masonry and concrete color treatment. Using our own lab tested proprietary products and labor force we offer a 25-year warranty on product and labor. Nawkaw's products are considered the standard for masonry and concrete color applications.

To find a Nawkaw representative in your area or to inquire about our products call 706-355-3217 ☐☐706-355-9199 (fax). To reach Scott Hammonds please call 480-888-5157 or email scott.hammonds@nawkaw.com.
