Dear Russell:

What a great success I have had using your brick coloring treatment! It is truly masonry magic. Enclosed are several "before" and "after" pictures.

My wife is very satisfied with our red brick steps and I am especially pleased we did not have to tear the old ones down and rebuild them to get the ones we wanted.

The product was very easy to apply. It seemed to cover the brick effortlessly without dripping onto the mortar. I'm a real fan of Nawkaw.

Sincerely,

NJC:cb
