Re: KED Complex Staining Project

Dear Bob:

By way of this letter I would like to extend Colgate Universities thanks for a job well done!! During the Alumni Reunion in June, the Board of Trustees, our President and many Alumni raved about the amazing transformation that the KED complex underwent. Most laymen thought that the building brick had been replaced and were amazed to know that it was a staining process that revived it. Again, our thanks to you and your staff for being both professional and courteous while on our campus. I would highly recommend using your firm again for any future work! Have a great summer!

Respectfully,

Joseph A. Bello

Assistant Director of Construction
Colgate University
